# INTERNSHIP FOR SERVICE/COMMUNICATION DESIGNERS AS EXPERT ASSISTANT

## BRING CHANGE BY DESIGN

I am following several European projects on urban sustainability. The projects involve different networks of municipalities and private organisations acting together to tackle the most urgent and interesting issues of cities today. Joining me on these projects is a great opportunity to work in a stimulating environment and get in contact with different cultures and working styles.

### **I am looking for an intern to follow my work and assist me with:**

- developing specific tools for workshops
- visualising processes and results
- offering general assistance in coordination and project management

Preferably you can also assist with:

- video and photo documentations during events
- Using online tools like Mural, Miro and zoom

**Core competences:** Great creativity in developing co-design tools, excellent visualisation skills, Good understanding and a real interest for the topic, excellent English language skills

**Duration:** From January 2022 to August 2022 for a total of about 30 full working days.

**Location:** most of the work will take place in Milan or online.

**Fee:** a forfait fee of 2500 euro and travel reimbursements (if applies).
